

# WHAT DO YOU THINK .....

about having daylight savings time all the year round?

By Ron Kurtus

GEORGE BARTON, 240B Mathilda Dr., technician: "I've thought about this before, and I'm in favor. For one thing, it would be safer for commuters driving home at night. Also, a man can spend more time with his family outdoors."

\* \* \*

MRS. ANGELA RUSSELL, 386 Valdez Ave., housewife: "It would be ideal, especially so that my husband would get home before dark to do some of the gardening. Also, it is hard on the children to have the changing back and forth of the time."

\* \* \*

MRS. HARRIETTE HEDDERICK, 7575 Palos Verdes Dr., registered nurse: "It's high time! I get so sick and tired of the change in time. Pick one or the other and stay with it. Our family gets so disoriented when the time changes."

\* \* \*

ROY KNOX, 203 Saratoga Ct., inspector: "That would be better than changing it all the time. But I would just rather get up earlier than trying to fool myself with setting the clocks ahead."

\* \* \*

DONNA BURT, 3776 San Remo Dr., speech therapist: "I don't think we should have it at all. I thought that originally it was so the farmers could have more time in their fields. But now I don't really understand the reason for it."

\* \* \*

MRS. LUPE DELACERDA, 7103 Del Norte Dr., housewife: "I like it in the summertime but not in the winter. I like it the way it is. The change doesn't bother me, except that sometimes I forget to change the clock."

\* \* \*

W. C. SPARKS, 520 Pine Ave., retired: "It knocks me out when I have to change he time. I can't sleep well when I have to go to bed at a different time than usual."

\* \* \*

MRS. ESTHER PULLEM, 5755 Armitos Ave., housewife: "I like it. I don't like these long evenings. You can be outside more then. They can have it all year round as far as I'm concerned."
